## Bodegas Fabre, Mendoza

The award-winning Bodegas Fabre winery in Mendoza is a family-owned company set up and run by husband and wife Hervé and Diane Joyaux Fabre. The winery was established in the early 1990s when Malbec was viewed as little more than a blending partner. Seeing the incredible potential of the Argentine terroir, Hervé Joyaux Fabre bought a number of Argentina's oldest Malbec vineyards in Mendoza.

His Bordeaux background dictates an elegance and subtlety to his winemaking and since 1992 he has dedicated all his savoir-faire and passion to his wines, being one of the first winemakers to produce a single varietal Malbec in Argentina.

Bodegas Fabre produces a range of wines which showcases the depth and elegance that Argentina can offer. Their wines have won praise from the critics and have earned them over 260 international awards in the last 10 years alone. Most recently Bodegas Fabre won 2017 IWSC Argentine Winery of the year and Hervé J.Fabre won 2018 IWC Red Winemaker of the year.

The Phebus range combines Argentina's purity of fruit with elegance and complexity. Underpinning all of this is Diane and Hervé's unshakeable belief and determination that all their wines should express the local terroirs as elegantly as possible.

### Phebus Torrontés

Torrontés is Argentina's signature white grape, and this is a classic example. The nose is fresh with delicate aromas of white flowers, lychees and hints of lime. The palate is complex but wonderfully refreshing with tropical and citrus fruit flavours. Best served with spicy dishes such as Thai curry, seafood and traditional Empañadas.

### Phebus Malbec Rosé

Phebus Rosé is the latest addition to the range. This rosé, which is 100% Malbec, captures the beautiful purity of the grapes and gets as much of that flavour as possible into the bottle. Produced as a traditional rosé, it is crisp and fruity, with vibrant and refreshing red berry flavours and has enough body to be drunk all year round.

### Phebus Malbec

This wine has a lovely nose of black fruits and liquorice. It is full-bodied and rich on the palate, bursting with spicy red and dark fruits. Perfect with roast lamb, grilled steak, game and vegetable risotto.

### Phebus Reservado Malbec

This is an elegant example of Argentina's most representative grape with opulent dark fruits, a touch of toasty oak and a long, smooth finish. Best served with a juicy steak, the perfect partner for a traditional Argentine Asado (BBQ).

### Phebus Gran Reservado Malbec

Complex and elegant wine with aromas of liquorice and black cherries. A deep and full-bodied palate, intense dark fruit flavours, silky tannins with a smooth and long finish. Perfect with grilled meats, stews or cheese.

## Sorby Adams Wines, Barossa

Sorby Adams Wines is based on the philosophy that great wines are made in the vineyard. Owner Simon Adams is an experienced winemaker whose career has spanned nearly 30 years in Australia's leading wine companies including chief winemaker at Yalumba Wine Company.

Simon sources fruit from his own Eden Valley vineyards high in the Barossa Hills and also from a selection of wonderful growers around the Barossa.

The cool climate of Barossa's Eden Valley, its high altitude, ancient soils, cold wet winters and a temperate summer and autumn, combine to produce low yielding but intensely flavoured wines with outstanding natural acidity.

Garcés Silva Family Vineyards

## Garcés Silva Family Vineyards, Leyda Valley

Based in the Leyda Valley, 60 miles west of Santiago de Chile, the Garcés Silva Family winery has earned worldwide recognition over the years with its flagship wine Amayna and has demonstrated its passion for high quality and innovative wine production.

They planted their first vineyards in 1999 and later built a state-of-the-art winery which was the first of its kind in the Leyda Valley. The Amayna range was launched in 2003 and is considered one of the driving forces behind the rise to fame of the wines from the Leyda Valley.

The Leyda Valley runs parallel to the Central Valley of Chile, and is sandwiched between a range of hills and the Pacific Ocean. This coastal position enables Garcés Silva to produce white wines that have intense fruitiness, rich acidity, and freshness, and red wines with bright fruit, strength and elegance.

## Domaines Auriol, Languedoc

Based in the heart of the Languedoc in Lezignan-Corbières, Domaines Auriol is a family-owned winery set up in 1995 by the formidable Claude Vialade. As the daughter of a former wine estate manager, wine has always been second nature to Claude from early days where she would follow her father around the vineyards as a child to becoming the Director of the AOC Corbières Syndicate.

Today Domaines Auriol is a producer as well as a négociant who prides itself in its Occitan roots. Their Estates and Family brands are great examples of the best wines this part of the Languedoc has to offer. Domaines Auriol is also one of the largest producers of Organic wines in the area and has been very keen on its environmental credentials for the past 25 years.

## Hauler, Alsace

The Hauler House was founded in 1775 during the golden age of winemaking and the wines of Alsace. Coming from both winegrowers and coopers, five successive generations of the family have passed on their expertise in these two trades. Today the Hauler legacy is perpetuated by oenologists, winemakers and cellar masters. Their names may have changed but their knowledge and passion remains unabated.

In the very heart of Alsace, the village of Dambach-la-Ville is the cradle of the Hauler family. In their cellars, their beautiful wines slowly improve in oak barrels or in stainless steel tanks, with respect for family traditions. They reflect the diversity of the seven Alsatian grape varieties, the concentration of its terroirs and the richness of its climate.

Hauler's cellars face the fortified gate of Dambach-la-Ville which is also a historical monument, and the 'Vins d'Alsace Hauler' coloured tiles which adorn the building have long been a local curiosity.

### Organic Riesling 🌿

This organic Riesling is a new addition to our range from Hauler. Fruity and floral notes usually associated with Riesling are present, with a touch of citrus fruit, a pleasant minerality and balanced acidity. The finish is fresh with lingering hints of liquorice. This Pinot Gris is a great match for pan-fried foie gras, roast venison, fish curries, fricassee of wild mushrooms and blue cheese.

### The Noble Gewürztraminer

The most famous of Alsatian wines is a delight of aromatic opulence. Its colour is golden and intense while its floral, expressive and complex nose shows notes of praline, rose petals, cinnamon and peppermint. The palate is soft and delicate and the finish has a delightful spiciness. Perfect with Asian cuisine, creamy chicken dishes, Munster cheese and pineapple tart.

### Grand Cru Frankstein Gewürztraminer 🍷🌿

The Frankstein Grand Cru vineyard stretches across the granite hills above the commune of Dambach-la-Ville. It produces Gewürztraminer wines with a fine and distinctive nose with hints of spice and nutmeg. The palate is subtle and without excessive sweetness, it has a good length and superb finish. This wine has a great ageing potential. Delicious food pairings include; fish with hot fragrant spices, Roquefort and other blue cheeses, lemon tart.

### Grand Cru Muenchberg Riesling

Made up of degraded sandstone and volcanic sediments, the Muenchberg Grand Cru soil has a very particular geological profile that bestows a unique personality on the wines. The colour is pure with beautiful golden glints. The bouquet is marked by aromas of citrus and white flowers with a hint of liquorice. Ripe and perfectly structured on the palate, it develops a complex aromatic array of yellow fruit and grapefruit and a subtle freshness. A perfect match for terrine of scallops, white fish with cream and cheese tart.

## Signature Chef, James Martin - Languedoc

We are very excited to add James Martin's new range of wines to our wine list. James needs no introduction as he has been a household name since his TV career began in 1996. In 2006, he became the presenter of the BBC One show Saturday Kitchen which regularly attracted viewers in excess of 3.5 million.

Rather than simply following the trend of celebrity-endorsed drinks, James has spent months selecting wines from the Corbières and wider Languedoc area, based on the quality of the terroir and lower yielding older vines. He selected and blended a red Corbières and a white vin de Pays d'Oc.

The wines are produced as part of the Signature Chef range in the village of Néviau near Narbonne in the heart of the Corbières region. The white is a Vin de pays d'Oc blend of 80% Chardonnay and 20% Marsanne and the red is a Corbières which is a 90% Syrah and 10% Carignan blend.

## Signature Chef - James Martin, Chardonnay Marsanne, Pays d'Oc

Built in Roman times, the castle was bought by the François family in 1897 who had moved from France to Tuscany in the 18th century. In 2009 the Schenk family became co-shareholders of the property.

Since 1978, Alessandro François, his wife Maria Antonietta and their children Leah and Simon have been the driving forces behind the winery. The other key people behind Castello di Querceto are winemaker Giovanni Cappelli, who has been with the company for 20 years and has contributed greatly to its growth, and agronomist Giacomo Grassi, who has been the driving force behind the expansion of the area under vines. We are delighted to present the wines from Castello di Querceto, which are consistently among the most highly-rated from the region.

Pormenor

# PORTUGAL

## Pormenor, Douro

Pormenor Vinhos was established in Douro in 2013 following the dream of three friends – José Silva, Miguel Cardozo and Pedro Coelho. The wine bond at the time was somewhat indirect, with older family members who worked both as oak barrel producers and as cork producers.

Based in the Douro which is the oldest demarcated wine region in the world, Pormenor wines were launched with the 2013 vintage. With vines ranging from 50 to 100 years old planted at high altitudes, Pormenor (which means 'detail' in English) aims to produce wines with moderate alcohol, freshness and elegance.

Even though Pormenor does not consider itself to be a natural wine producer, the winery does not use any kind of non-natural product and most of its work is done in a very non-interventive way to let the natural conditions of each vintage be expressed in the wine.

The winemaking motto is followed closely... The Devil is in the Detail!

## Castillo de Monséran

We are delighted to be able to add the wines from Castillo de Monséran to our portfolio. Based in the Cariñena area of Aragón, 300km north-east of Madrid and 150km south of Rioja, Castillon de Monseran wines are produced by Bodegas San Valero under the supervision of winemakers Jesús Prieto and Hugh Ryman.

Their vineyards are planted at between 350 and 700 metres above sea level and benefit from a continental climate with warm days and cool nights during the ripening period, leading to optimum grape maturation.

Together Jesús and Hugh work with a team of viticulturalists to select appropriate vineyard parcels and to choose the right moment for picking. They describe Castillo de Monséran as the new Clasico and it is easy to see why as they wines are modern interpretations of the classic taste of Spanish red wines.

## Domaine de La Viborne, Mont-Sur-Rolle

We're very excited to introduce Domaine de La Viborne. This estate has a very special connection to us as it has been in François Schenk's family for several generations. Built around a typical wine house dating back to 1627, La Viborne is based in the region of La Côte (canton Vaud) overlooking Lake Geneva, which used to be part of the Savoie region in neighbouring France. François Schenk's grandfather, affectionately nicknamed 'Le Grand François', always claimed he was more 'Savoyard' than Swiss.

The domaine belonged to the Desponds family since 1931 with François Schenk's great grandfather Alfred at the helm. This relatively small estate (only 2 hectares) is entirely organic and is now managed by François who represents the 4th generation of the Despond (his mother's maiden name) family.

## Sauvignon Blanc 2019

The best way to summarise this Sauvignon Blanc is as an old-world wine produced in a new-world style. This wine is almost a mash up of Loire Sauvignon Blanc, floral and crisp whites from nearby Savoie and part Antipodean Sauvignon Blanc. With lovely notes of gooseberry, flowery peach, zesty lime and grapefruit, this wine is rich yet supple, refreshing and well balanced by a crisp acidity.

## Chasselas 2019

Chasselas also known locally as Fendant is the most common white grape variety in Switzerland. Fresh, delicate, subtle and elegant. The ideal wine for an aperitif or with fish...or believe it or not, with cheese... Chasselas is very unique – it has low acidity, low alcohol and low aromatics but it has this unique freshness and elegance, and it is very delicate. You never get tired of it thanks to its delicate acidity and balanced alcohol.
